ASSIGNMENT FOLIO

We take this opportunity to express our sincere gratitude to Dezyne École College for providing us with the knowledge, resources, and guidance essential to the successful completion of this project.

Our deepest thanks to our respected Principal, Dr. Vinita Mathur, for her visionary leadership and continuous encouragement. Her commitment to academic excellence and student growth has been a constant source of motivation and pride.

We are equally thankful to all our faculty members for their consistent support, expert advice, and valuable insights that shaped our learning and helped us achieve this milestone.

Lastly, we extend heartfelt thanks to everyone who directly or indirectly contributed to the success of this project.

We are proud to be part of Dezyne École College, an institution that truly nurtures professionalism, innovation, and purpose.

With sincere appreciation,

Tejasvi Maheshwari

ASSIGNMENT FOLIO

SEO Optimization

Objective:

To improve the search engine visibility, organic traffic, and overall website performance of a newly launched website by implementing effective On-Page, Off-Page, and Technical SEO strategies.

1. Website & Keyword Planning

Analyzed the website structure and performed keyword research to identify primary, secondary, and long-tail keywords based on user search intent (informational, navigational, transactional).

2. On-Page SEO Implementation

Optimized web pages using SEO-friendly URLs, title tags, meta descriptions, and proper heading structure (H1 – H3) to improve relevance and search engine ranking.

3. Off-Page SEO Activities

Built high-quality backlinks through guest posting, business listings, profile creation, social bookmarking, and forum participation to increase domain authority.

4. Technical SEO Optimization

Improved page speed, mobile responsiveness, and HTTPS security, to ensure better crawling and indexing.

Know More

THARCOOL
COOL IN SUMMER.
PROTECTED IN WINTER.

Water is life, and storing it the right way is essential—especially in a country like India where temperatures can soar and water quality varies. If you're building a new home, selecting the right water tank should be high on your priority list.

THARCOOL water tanks are specially designed for Indian homes, offering advanced technology, superior durability and protection for every season.

Why the Right Water Tank Matters

A good water tank ensures that the water you store remains clean, fresh and safe for your family. It also protects your investment by offering long-lasting performance with minimal maintenance.

Features That Make THARCOOL the Best Choice

- 5-Layer Advanced Protection
- UV Stabilized – Protects from harsh sunlight
- Food Grade Virgin Plastic – Safe for drinking water
- Keeps Water Cooler in Summer, Normal in Winter
- Strong, Durable & Leak Proof

For a smarter, safer and more reliable water storage solution, trust THARCOOL – the perfect partner for your new home.

Choose THARCOOL. Choose Peace of Mind.
Explore our range of premium water tanks.

Every Drop Deserves Smart Storage.

THARCOOL water tanks are engineered to store every drop safely while keeping it cool during summer and protected in winter.

Save Water

Store Safe

Stay Cool

A step towards a Water-Secure India.

Premium 5-Layer Water Tanks for Rajasthan's Extreme Climate.

www.tharcool.in

THARCOOL
COOL IN SUMMER.
PROTECTED IN WINTER.

Water is one of our most precious resources. With growing demand and changing climate patterns, conserving every drop is more important than ever.

Smart water storage plays a key role in this mission. THARCOOL water tanks are designed with advanced 5-layer technology to prevent contamination, reduce evaporation, and keep water cool during summer.

By adopting reliable storage solutions, households and communities can contribute to a water-secure and sustainable India.

Benefits of Choosing the Right Water Tank

- Prevents water loss and contamination
- Ensures clean and safe drinking water
- Reduces impact of extreme heat
- Long-lasting and durable
- Supports water conservation efforts

Small steps today lead to a big impact tomorrow.
Store smart. Save water. Secure our future.

IMPROVEMENT SUGGESTIONS

1. Technical SEO Speed

Improve website loading speed, mobile responsiveness, and crawlability to enhance user experience and search engine rankings.

2. Content & Keyword Optimization

Create keyword-focused blogs, product pages, and FAQs targeting water tanks, water storage, and water conservation search queries.

3. User Experience Enhancement

Improve website navigation, add clear call-to-action buttons, optimize mobile usability, and display customer reviews to enhance user experience and increase conversions.

CONCLUSION

SEO strategy drives TharCool's digital growth, visibility, and market expansion.

Key Takeaways

On-page & technical SEO optimize performance, crawlability, and search engine rankings effectively.

Future SEO Growth

Off-page strategies and competitor insights accelerate TharCool's brand authority and market reach.
